Patient Preparation Instructions

ABDOMEN ULTRASOUND:

Patients are required to fast for a minimum of 6-8 hours. Please do not smoke, consume dairy or chew gum during fasting. You may drink fluids such as water, black tea or black coffee only. Consume no sugar or sweeteners and take medications as normal.

MRI:

Patients are required to remove all jewellery including piercings prior to the examination and ideally should leave jewellery at home.

PELVIC ULTRASOUND:

Patients are required to have a full bladder, and must finish drinking 1 litre of water 1 hour prior to their appointment time and hold (do not go to the toilet).

RENAL (KUB) ULTRASOUND:

Patients are required to fast for a minimum of 6-8 hours. Please do not smoke, consume dairy or chew gum during fasting. Patients ALSO require a full bladder, and must finish drinking 1 litre of water 1 hour prior to their appointment and hold (do not go to the toilet). You may drink fluids such as water, black tea or black coffee only. Consume no sugar or sweeteners and take medications as normal.

Your referrer has recommended you use Western Radiology. You may select another provider but please discuss this with referrer first.
